# High performance space for your business.

Nimrod Industrial Estate comprises an extensive, urban industrial and trade counter estate extending to 89,653 sq ft (GIA). The estate is configured to provide 14, well specified units, arranged over two separate terraces with dedicated yard and parking areas.

There is also a large surplus car park to the rear of the estate. The property provides a highly appealing spread of unit sizes between 3,949 and 8,862 sq ft, capturing demand from both urban logistics and trade operators. The units are of steel portal frame construction with part brick, part profiled metal sheet cladding to the elevations and roofs.

## An ideal location for Reading.

The A33 dual carriageway is an established industrial and trade corridor, providing the main arterial route linking Reading town centre and the M4 motorway. The area's excellent connectivity and access to a densely populated local catchment has attracted a strong occupier base including DHL, Amazon, Tesco, Travis Perkins, Howdens and Toolstation.

Nimrod Industrial Estate occupies a prime trade location within this established corridor, situated in close proximity to Hyperion Trade Park, Reading Trade Centre and Trade City Reading. The surrounding concentration of well-established trade estates reinforces the area's credentials as a core trade destination and underpins sustained demand from trade-focused occupiers.

Internal eaves height of 6.1m.

Newly refurbished.

Smart LED included.

EV Charging points.

Targeting EPC B rating.

Excellent parking with additional overflow.

# Why choose Nimrod Industrial Estate?
