## UNIT 13 | 5,888 SQ FT

Unit 13 will provide 5,888 sq ft of high performance industrial and warehouse accommodation, currently under development and available from Q4 2026

Unit 13 will provide 5,888 sq ft of high performance industrial and warehouse accommodation, currently under development and available from Q4 2026. The unit is being delivered to a market leading specification, targeting BREEAM "Excellent" and an EPC A+ rating, and will benefit from level access loading, strong floor loadings, and a minimum internal height of 8.4 m. Sustainability credentials will include roof lights providing approximately 15% natural daylight, high efficiency LED lighting, solar PV panels, electric vehicle charging infrastructure, enhanced insulated cladding, and facilities for cycle storage. The unit will also include fully fitted first floor Grade A office accommodation, generous yard areas and allocated on site parking, within a secure gated estate. The unit is located within Torque, Birmingham, a new industrial and distribution development prominently positioned on Chester Road. The site is approximately 1.3 miles from M6 Junction 5 and around 6 miles from Birmingham city centre, offering excellent access to the M6, M42, A38(M) and the wider Midlands motorway network. The location also benefits from proximity to major occupiers including Jaguar Land Rover, supporting strong labour availability and logistics connectivity. Service and maintenance charges and insurance payable for this unit are to be confirmed.
